

"BOX ART" DESIGN TEMPLATE

Below is a template of a typical utility box showing six sides and two tops. Use this template to illustrate your color rendering(s). You may enlarge this template as needed and submit up to 3 different template designs. Unique colors and bold graphics work well, along with bright images that complement pedestrian activity. City staff and the jury will look for colorful artwork that celebrates the unique style of the City of Santa Maria.

NOTE:

The dimensions of the template do not accurately represent all utility boxes' dimensions; therefore, the proposed design must be adjustable.
