The Guadalupe Branch Library Now Has Free WiFi Available

The Santa Maria Public Library's Guadalupe Branch is pleased to announce that free WiFi is now available for its users. Additionally, there is a new countertop to hold the Library's public use computers, and the future home of a new color printer/scanner.

The purchase of the color printer/scanner and WiFi network hardware was funded by a \$5,000 grant received in December 2013 from the Santa Barbara Foundation. The countertop was funded by a \$1,500 donation from Hardy Diagnostics.

The Library also wishes to recognize Cherry Cabinets for their fabrication and installation of the countertop, the City of Santa Maria's Information Technology Division, and Quintron Systems Inc., for their expertise and assistance with the installation of the WiFi hardware and network. These additions will greatly enhance and augment the technology available to the Guadalupe Branch Library community for years to come.

Please join us for a celebratory "Grand Opening Party" hosted by the Friends of the Guadalupe Library, to be held on Wednesday, May 21, 2014 from 2:30 p.m. to 4:00 p.m. at the Guadalupe Branch Library, 4719 W. Main St., Suite D, Guadalupe. Refreshments will be available.

Questions may be directed to the Main Library, 925-0951 ext. 321.
