#### **Guide to City Policy and Standards - Residential Development**

The City of Santa Maria Community Development Department's Planning Division recently issued "City Policy and Standards - Residential Development", a compilation of the City's objective criteria applied to residential development projects.

By providing an overview of the City's existing residential policies and standards, the document provides certainty regarding those zoning design requirements applied to the development of residential projects.

The guide is on the City's website at <http://www.cityofsantamaria.org/40557.shtml>. The guide may be accessed online using an Adobe Acrobat Reader, which is free and readily available on the Internet. The electronic version links to Municipal Code chapters and other City webpages.

Printed copies of the document will be available upon request at the Community Development Department, 110 S. Pine Street, Room 101.

Questions may be directed to the Community Development Department, Planning Division, 925-0951 ext. 244.
